

Diabetes supply kit

What does your child need at school?

Use the checklist below to make sure you have the essentials for back-to-school:

	Your child's diabetes care plan
	Blood glucose meter, test strips and lancets
	Extra batteries for the meter
	Fast-acting sources of carbohydrate (sugar packets, fruit juice, glucose tablets, Life Savers) for treating low blood sugar
	Glucagon kit
	Sharps disposal container
	Insulin pen and pen needles
	For pump users: <ul style="list-style-type: none">• Insulin pump tubing changes• Extra insulin and syringes (in case of pump failure)
